17 children from Ks2 attempted the quiz- well done!

Zac S. scored the most points with 12400 points, closely followed by Rubylin (Year 6) and Amelia Critchley (Year 4) with 11700 points - fantastic!

82% of the children got all the questions correct.

Everyone got this question right:

"Why do animals and humans need food?" - Well done!

One of the questions that some children got wrong was:

"What organs below are part of the digestive system?"

The answer was: "Tongue, teeth, stomach and liver"

Thank you for taking part. We will be in touch regarding prizes.

Stay safe, kind Regards,
Mrs Steele
